[A Vietnamese Moses](#) - George E. Dutton 2017

A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. A Vietnamese Moses is the story of Philipphê Binh, a Vietnamese Catholic priest who in 1796 traveled from Tonkin to the Portuguese court in Lisbon to persuade its ruler to appoint a bishop for his community of ex-Jesuits. Based on Binh's surviving writings from his thirty-seven-year exile in Portugal, this book examines how the intersections of global and local Roman Catholic geographies shaped the lives of Vietnamese Christians in the early modern era. The book also argues that Binh's mission to Portugal and his intense lobbying on behalf of his community reflected the agency of Vietnamese Catholics, who vigorously engaged with church politics in defense of their distinctive Portuguese-Catholic heritage. George E. Dutton demonstrates the ways in which Catholic beliefs, histories, and genealogies transformed how Vietnamese thought about themselves and their place in the world. This sophisticated exploration of Vietnamese engagement with both the Catholic Church and Napoleonic Europe provides a unique perspective on the complex history of early Vietnamese Christianity. *The Ultimate Guide AP Spanish Literature and Culture Prep Book* 2019-08-08

[Lights and Shadows of Spiritualism](#) Daniel Dunglas Home 1877

Daniel Dunglas Home (1833-1886) was a charismatic medium whose seances were attended by European royalty and eminent Victorians like Elizabeth Barrett Browning. Thrown out by his aunt because of the paranormal events which plagued him since childhood, Home became a 'professional house guest' and medium at the age of 17. During seances he purportedly levitated, handled hot coals and channelled the voices of the dead. This volume, first published in 1877, is an evocative examination of spiritualism which explores the history of the practice via the Greeks, the Romans, and Joan of Arc. Simultaneously attacking fraudulent mediums while celebrating 'true' spiritualist practitioners, this fascinating work details both the criticism and support received by Home and features reproductions of numerous fan letters. Although colourful and impassioned, Home's polemic is written in an amiable style and provides fascinating insights into the life and work of the self-proclaimed 'Grandfather of English Spiritualism'.

[Latin Alive](#) - Joseph B. Solodow 2010-01-21

In Latin Alive, Joseph Solodow tells the story of how Latin developed into modern French, Spanish, and Italian, and deeply affected English as well. Offering a gripping narrative of language change, Solodow charts Latin's course from classical times to the modern era, with focus on the first millennium of the Common Era. The work is part of the ongoing LandLex initiative, originally developed as part of the COST ENeL - European Network for e-Lexicography - action. The group brings together researchers in lexicography and lexicology from across Europe and is dedicated to studying multilingual and diachronic issues in language. The Distance Between Us - Reyna Grande 2012-08-28

In this inspirational and unflinchingly honest memoir, acclaimed author Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this "compelling...unvarnished, resonant" (BookPage) story of a childhood spent torn between two parents and two countries. As her parents make the dangerous trek across the Mexican border to "El Otro Lado" (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their stern grandmother. When their mother at last returns, Reyna prepares for her own journey to "El Otro Lado" to live with the man who has haunted her imagination for years, her long-absent father. Funny, heartbreaking, and lyrical, *The Distance Between Us* poignantly captures the confusion and contradictions of childhood, reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Also available in Spanish as *La distancia entre nosotros*.

The Jews and Moors in Spain - Joseph Krauskopf 1886

"This volume is a reprint of newspaper reports of a series of lectures delivered by the author from the pulpit of Congregation B'nai Jehudah, Kansas City, Mo., during the Fall and Winter of 1885-1886. The lectures were prepared to fulfill the requirements of popular discourses, and designed to convey information upon a highly important epoch of the world's history, that is almost neglected in English literature. The thought of publishing these lectures in book form was utterly foreign to the author throughout their preparation, until an urgent solicitation from very many persons, both Jews and Gentiles, in all parts of this country, whose interest in these lectures was aroused by their wide-spread republication by the Press, made it a duty."-- Goodreads.com.

Modern Spanish Grammar - Christopher Pountain 2004-06-01

Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

The Spanish Lake Oskar Hermann Christian Spate 2004-11-01

This work is a history of the Pacific, the ocean that became a theatre of power and conflict shaped by the politics of Europe and the economic background of Spanish America. There could only be a concept of the Pacific once the limits and lineaments of the ocean were set and this was undeniably the work of Europeans. Fifty years after the Conquista, Nueva España and Peru were the bases from which the ocean was turned into virtually a Spanish lake.

The Moor's Last Stand - Elizabeth Drayson 2017-04-20

In 1482, Abu Abdallah Muhammad XI became the twenty-third Muslim King of Granada. He would be the last. This is the first history of the ruler, known as Boabdil, whose disastrous reign and bitter defeat brought seven centuries of Moorish Spain to an end. It is an action-packed story of intrigue, treachery,

cruelty, cunning, courtliness, bravery and tragedy. Basing her vivid account on original documents and sources, Elizabeth Drayson traces the origins and development of Islamic Spain. She describes the thirteenth-century founding of the Nasrid dynasty, the cultured and stable society it created, and the feuding which threatened it and had all but destroyed it by 1482, when Boabdil seized the throne. The new Sultan faced betrayals by his family, factions in the Alhambra palace, and ever more powerful onslaughts from the forces of Ferdinand and Isabella, monarchs of the newly united kingdoms of Castile and Aragon. By stratagem, diplomacy, courage and strength of will Boabdil prolonged his reign for ten years, but he never had much chance of survival. In 1492 Ferdinand and Isabella, magnificently attired in Moorish costume, entered Granada and took possession of the city. Boabdil went into exile. The Christian reconquest of Spain, that has reverberated so powerfully down the centuries, was complete.

The History of Water Management in the Iberian Peninsula - Ana Duarte Rodrigues 2020-03-18

This volume approaches the history of water in the Iberian Peninsula in a novel way, by linking it to the ongoing international debate on water crisis and solutions to overcome the lack of water in the Mediterranean. What water devices were found? What were the models for these devices? How were they distributed in the villas and monastic enclosures? What impact did hydraulic theoretical knowledge have on these water systems, and how could these systems impact on hydraulic technology? Guided by these questions, this book covers the history of water in the most significant cities, the role of water in landscape transformation, the irrigation systems and water devices in gardens and villas, and, lastly, the theoretical and educational background on water management and hydraulics in the Iberian Peninsula between the sixteenth and the nineteenth centuries. Historiography on water management in the territory that is today Spain has highlighted the region's role as a mediator between the Islamic masters of water and the Christian world. The history of water in Portugal is less known, and it has been taken for granted that is similar to its neighbour. This book compares two countries that have the same historical roots and, therefore, many similar stories, but at the same time, offers insights into particular aspects of each country. It is recommended for scholars and researchers interested in any field of history of the early modern period and of the nineteenth century, as well as general readers interested in studies on the Iberian Peninsula, since it was the role model for many settlements in South America, Asia and Africa.

The Palace of Pleasure (Complete) - William Painter 2007

A young man, trained in the strictest sect of the Pharisees, is awakened one morning, and told that he has come into the absolute possession of a very great fortune in lands and wealth. The time may come when he may know himself and his powers more thoroughly, but never again, as on that morn, will he feel such an exultant sense of mastery over the world and his fortunes. That image seems to me to explain better than any other that remarkable outburst of literary activity which makes the Elizabethan Period unique in English literature, and only paralleled in the world's literature by the century after Marathon, when Athens first knew herself. With Elizabeth England came of age, and at the same time entered into possession of immense spiritual treasures, which were as novel as they were extensive. A New World promised adventures to the adventurous, untold wealth to the enterprising. The Orient had become newly known. The Old World of literature had been born anew. The Bible spoke for the first time in a tongue understood of the people. Man faced his God and his fate without any intervention of Pope or priest.

Even the very earth beneath his feet began to move. Instead of a universe with dimensions known and circumscribed with Dantesque minuteness, the mystic glow of the unknown had settled down on the whole face of Nature, who offered her secrets to the first comer. No wonder the Elizabethans were filled with an exulting sense of man's capabilities, when they had all these realms of thought and action suddenly and at once thrown open before them. There is a confidence in the future and all it had to bring which can never recur, for while man may come into even greater treasures of wealth or thought than the Elizabethans dreamed of, they can never be as new to us as they were to them. The sublime confidence of Bacon in the future of science, of which he knew so little, and that little wrongly, is thus eminently and characteristically Elizabethan. The department of Elizabethan literature in which this exuberant energy found its most characteristic expression was the Drama, and that for a very simple though strange reason. To be truly great a literature must be addressed to the nation as a whole. The subtle influence of audience on author is shown equally though conversely in works written only for sections of a nation. Now in the sixteenth century any literature that should address the English nation as a whole—not necessarily all Englishmen, but all classes of Englishmen—could not be in any literary form intended to be merely read. For the majority of Englishmen could not read. Hence they could only be approached by literature when read or recited to them in church or theatre. The latter form was already familiar to them in the Miracle Plays and Mysteries,

which had been adopted by the Church as the best means of acquainting the populace with Sacred History. The audiences of the Miracle Plays were prepared for the representation of human action on the stage. Meanwhile, from translation and imitation, young scholars at the universities had become familiar with some of the masterpieces of Ancient Drama, and with the laws of dramatic form. But where were they to seek for matter to fill out these forms? Where were they, in short, to get their plots?
