## **Advances in Applied Economic Research** - Nicholas Tsounis 2017-06-07

This proceedings volume aims to provide new research methods, theories and applications from various areas of applied economic research. Featuring papers from the 2016 International Conference on Applied Economics (ICOAE) organized by the University of Nicosia and the Western Macedonia University of Applied Sciences, this volume presents cutting edge research from all areas of economic science that use applied econometrics as the method of analysis. It also features country

specific studies with specific economic policy analyses and proposals. Applied economics is a rapidly growing field of economics that combines economic theory with econometrics to analyse economic problems of the real world usually with economic policy interest. ICOAE is an annual conference started in 2008 with the aim to bring together economists from different fields of applied economic research in order to share methods and ideas. The goal of the conference and the enclosed papers is to allow for an exchange of experiences with different applied econometric methods and to promote joint initiatives among well-established fields like macro- and microeconomics, international economics, finance, agricultural economics, health economics, education economics, international trade theory and management and marketing strategies. Featuring global contributions, this book will be of interest to researchers, academics, professionals and policy makers in the field of applied economics and econometrics.

## **Digital and Social Media Marketing** - Nripendra P. Rana 2019-11-11

This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

## **Big Data** - Amandeep Singh 2022-09-06

Imagine being able to target an audience made up of highly qualified and purchase-ready prospects and easily building them into loyal clients by anticipating their needs and hence offering true value. This is the power of big data for digital marketing. Big Data: A Roadmap for Successful Digital Marketing explores recent trends in the use of big data to predict consumer behavior, strategies to engage online customers, integration of big data with other data sources, and its applications in social media analytics, mobile marketing, search engine optimization and customer relationship management. As the marketing world moves into a data-focused future, the success of marketing efforts will be wholly based on attention to detail in data analysis and effectively acting on insights in order to implement changes that will deliver improved results. This book will help professionals succeed in their digital marketing efforts as well as provide food for thought for students and researchers in the fields of digital marketing, customer behavior and big data analytics.

**Social Marketing to the Business Customer** - Paul Gillin 2010-12-15  
The first book devoted entirely to B2B social marketing B2B markets are fundamentally different from consumer markets. Decisions are made on value, not impulse. Buying cycles are complex, often with many stakeholders involved. Relationships and support are critical. Bet-the-business decisions demand discipline, knowledge, and lots of

information. This hands-on guide covers topics unique to this segment, including cost justification, prospecting and lead generation, matching tools to the sales funnel, building, B2B search engine optimization, social media monitoring, social media policy development, long-term client relationships, gaining stakeholder support, building a more transparent organization, and what's coming next. Features plentiful examples, case studies, and best practices Focuses on the channels that are most effective for B2B marketers Builds on the authors' more than 30 years of combined experience in the new media/social media space, as well as two previous successful books Leverage the vast business-to-business potential of Facebook, LinkedIn, Twitter, and many other social media platforms today with Social Marketing to the Business Customer!

**B2B Marketing** - Uwe G. Seebacher 2021-05-03

This unique book comprehensively presents the current state of knowledge, theoretical and practical alike, in the field of business-to-business (B2B) marketing. More than 30 of the best and most recognized B2B marketers address the most relevant theoretical foundations, concepts, tried and tested approaches and models from entrepreneurial practice. Many of those concepts are published for the first time ever in this book. The book not only builds on the existing classic literature for industrial goods marketing but also - and much more importantly - finally closes the gap towards the rapidly growing ecosystem of modern B2B marketing terms, instruments, products, and topics. Technical terms such as Account-Based Marketing, Buyer Journey, ChatBots, Content AI, Marketing Automation, Marketing Canvas, Social Selling, Touchpoint Sensitivity Analysis, and Predictive Intelligence are explained and examined in detail, especially in terms of their applicability and implementation. The book as a whole reflects the B2B marketing journey so that the readers can directly connect the content to their own experience and use the book as a guide in their day-to-day work for years to come.

**Customer Insight Strategies** - Christine Bailey 2020-11-03

In a noisy, fast-paced marketing world, customer insight holds the key to creating memorable, purpose-driven marketing. Customer Insight Strategies outlines the critical role of customer insight and provides techniques and strategies that will help marketers identify trends, nurture leads and understand consumers - ultimately, empowering them to grow profits. The strategies are explained in a straightforward, jargon-free manner, and can be applied to a huge range of marketing challenges, regardless of time, budget or organizational size. Customer Insight Strategies shows precisely how customer insights can be used to build a mission with purpose. It discusses many of the core methods through which customer insight can be gleaned, providing easy-to-follow guidelines for applying them to everyday marketing practice. Covering topics such as customer segments, marketing to personas and lead generation, it contains global case studies from organizations including Cisco, NTT, Refinitiv and The Co-op as well as interviews with leading business professionals sharing their thoughts on using customer insights to grow profits. Written by a highly respected thought-leader and industry influencer, this book will help any professional create truly powerful marketing.

**Socialnomics** - Erik Qualman 2012-11-06

The benchmark book on to the effects and implications of social media on our daily lives, and how businesses can harness its power Socialnomics is an essential book for anyone who wants to understand the implications of social media on our daily lives and how businesses can tap the power of social media to increase their sales, cut their marketing costs, and reach consumers directly. You also learn how to incorporate important branding strategies within your organization's overall integrated marketing communication approach. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**B2B Digital Marketing Strategy** - Simon Hall 2020-08-13

B2B Digital Marketing Strategy is a decisive guide to the most recent developments in the field. It gives readers an overview of the latest frameworks and models, and shows how these can be used to overcome the everyday challenges associated with account targeting, data utilization, and digital campaign management. Intensely practical, B2B Digital Marketing Strategy helps readers get to grips with some of the more advanced and complex elements of B2B marketing. It expertly explains how to incorporate the latest digital methodologies into critical processes such as lead generation, customer retention and customer experience personalization. Packed with global case studies and examples, this book is an invaluable resource for any professional operating in the B2B space.

**Social Media Marketing: A Strategic Approach** - Melissa Barker 2012-03-09

Social Media Marketing: A Strategic Approach promises to be the seminal textbook in the field with its distinctive conceptual foundation and practical approach to developing successful social media marketing plans. A proven eight-step social media planning model provides students with a cumulative learning experience, showing them how to construct social media strategies that achieve desired marketing goals. These marketing goals shape the development of tailored social media strategies. Special attention is given to the most effective techniques for identifying targeted marketing on the social web, with emphasis on the creation of personas that represent the critical online market segments for a company. Students discover how to put these well-defined personas to work in selecting the optimal social media platforms for reaching an organization's marketing goals. Students are taught rules of engagement and social media ethics for behaving properly as marketers on the social web. With these guidelines in mind, the most productive marketing tactics for each type of major social media platform are examined in depth. These platform-specific tactics, along with all the preceding material in the book, are brought together in the final chapter to create a comprehensive social media marketing plan, with detailed explanations and illustrations from a real world plan. Extensive consideration is given to monitoring, evaluating, and tuning the implementation of social media marketing initiatives. In addition, students are introduced to the most useful quantitative and qualitative social media measurements, along with various ways to estimate an organization's return on investment in social media marketing activities. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Analyzing and Securing Social Networks** - Bhavani Thuraisingham 2016-04-06

Analyzing and Securing Social Networks focuses on the two major technologies that have been developed for online social networks (OSNs): (i) data mining technologies for analyzing these networks and extracting useful information such as location, demographics, and sentiments of the participants of the network, and (ii) security and privacy technologies that ensure the privacy of the participants of the network as well as provide controlled access to the information posted and exchanged by the participants. The authors explore security and privacy issues for social media systems, analyze such systems, and discuss prototypes they have developed for social media systems whose data are represented using semantic web technologies. These experimental systems have been developed at The University of Texas at Dallas. The material in this book, together with the numerous references listed in each chapter, have been used for a graduate-level course at The University of Texas at Dallas on analyzing and securing social media. Several experimental systems developed by graduate students are also provided. The book is divided into nine main sections: (1) supporting technologies, (2) basics of analyzing and securing social networks, (3) the authors' design and implementation of various social network analytics tools, (4) privacy aspects of social networks, (5) access control and inference control for social networks, (6) experimental systems designed or developed by the authors on analyzing and securing social networks, (7) social media application systems developed by the authors, (8) secure social media systems developed by the authors, and (9) some of the authors' exploratory work and further directions.

**Direct, Digital & Data-Driven Marketing** - Lisa Spiller 2020-01-09

In this latest edition of her classic text, Lisa Spiller takes an insightful, in-depth look at contemporary marketing concepts, tactics, and techniques and the dynamic innovations that continue to drive and shape this multi-faceted, multi-dimensional field. Direct, Digital, and Data-Driven Marketing recognizes the growth of the various digital formats as the newest interactive channels for conducting modern marketing. But it does not overlook the traditional principles of direct marketing still relevant today. This book examines the field both as it once was and as it is evolving. With plenty of learning features online resources, the Fifth Edition provides an engaging journey, which will leave any marketing student with a thorough knowledge of how all kinds of businesses manage regular communication with their customer base and target demographic.

*Content is Currency* Jon Wuebben 2011-12-09

New strategies in SEO and SMM to help grow your business In the digital age, content is no longer confined to the written page. It is spread across web and mobile, taking the form of podcasts, webinars, widgets, and blog posts. Powerful content tells the story of your product or business, but it means nothing if it's not written well, optimized for search and social media, and properly marketed. In *Content is Currency*, content strategist Jon Wuebben explains the fine art of content development by utilizing the latest Search Engine Optimization (SEO) and Social Media Marketing (SMM) techniques, and provides you with the tools and strategies you need to get your online content noticed. You will learn: - What types of content best suit your specific business, market, and industry - How key content tactics influence search engine rankings and sales conversion - How to leverage social media to connect with your target market - How to merge the many elements of your web presence. Don't lose your target audience to the millions of online search results, or allow them to click away because your content doesn't engage. Let *Content is Currency* teach you the techniques to get your content onto the screens and into the minds of B2B and B2C viewers everywhere.

**Maximizing Lead Generation** - Ruth P. Stevens 2011-07-05

**Sales Force Management** - Joseph F. Hair, Jr. 2020-09-16

The second edition of *Sales Force Management* prepares students for professional success in the field. Focused on the areas of customer loyalty, customer relationship management, and sales technology, this practical resource integrates selling and sales management while highlighting the importance of teamwork in any sales and marketing organization. The text presents core concepts using a comprehensive pedagogical framework—featuring real-world case studies, illustrative examples, and innovative exercises designed to facilitate a deeper understanding of sales management challenges and to develop stronger sales management skills. Supported with a variety of essential ancillary resources for instructors and students, *Sales Force Management, 2nd Edition* includes digital multimedia PowerPoints for each chapter equipped with voice-over recordings ideal for both distance and in-person learning. Additional assets include the instructor's manual, computerized and printable test banks, and a student companion site filled with glossaries, flash cards, crossword puzzles for reviewing key terms, and more. Integrating theoretical, analytical, and pragmatic approaches to sales management, the text offers balanced coverage of a diverse range of sales concepts, issues, and activities. This fully-updated edition addresses the responsibilities central to managing sales people across multiple channels and through a variety of methods. Organized into four parts, the text provides an overview of personal selling and sales management, discusses planning, organizing, and developing the sales force, examines managing and directing sales force activities, and explains effective methods for controlling and evaluating sales force performance.

**Account-Based Marketing For Dummies** - Sangram Vajre 2016-04-13

Grow your account list with an effective account-based marketing strategy Buyers have changed the B2B marketing game. *Account-Based Marketing For Dummies* is here to give you the tools to transform your current approach to find, reach, and engage with your potential customers on their terms to meet their ever-changing demands. Packed with expert tips and step-by-step instructions, this book shows you how to analyze current data to identify the accounts with the biggest ROI opportunities and execute effective, account-specific techniques that get results. This practical guide takes the intimidation out of account-based marketing in today's highly digitized world. You'll be armed with the knowledge you need to increase your reach in real time, giving you greater exposure to other decision-makers and influencers within an account. You'll discover how, through a combination of marketing technology and online advertising, your messages can be displayed where and when your customers already engage online. Align your sales and marketing teams for greater success in your ABM efforts Analyze data to identify key accounts Target your messages for real-time interaction Integrate your campaign with marketing automation software If you're a member of a sales or marketing team already using a CRM tool who's looking to increase your reach, *Account-Based Marketing For Dummies* has you covered! "*Account-Based Marketing For Dummies* clears away the confusion surrounding this much-hyped topic. It offers simple, direct explanations of what account-based marketing is, why it's important, and how to do it. Any business marketing professional will benefit from a look at this book." - David Raab, Founder at Raab Associates "If you're reading this book and just getting started with ABM, welcome to the future of what b-to-b marketing can be: insight-led, technology-enabled and, above all, customer focused. Our clients are delighted with the business impact they deliver using account-based marketing, and you will be, too." - Megan Heuer, Vice President and Group Director, SiriusDecisions "Like a Hollywood agent, marketing's job is to get sales the 'audition,' not the part. Account-based marketing is the key to maximizing the number of the 'right' auditions for your sales team, and *Account-Based Marketing For Dummies* explains how." - Joe Chernov, VP of Marketing at InsightSquared "Ever-advancing marketing

technology is enabling a new generation of sales and marketing strategies to thrive, changing the playing field for companies of all sizes. This modern wave of account-based marketing has tremendous potential to improve your business, and Sangram Vajre is an insightful and enthusiastic guide to show you how." - Scott Brinker, Author of Hacking Marketing "Account-based marketing is shifting how businesses use customer insights to capture more upmarket revenue. This book teaches a new wave of data-driven marketers how to embrace an enlightened quality-vs-quantity approach and execute a scalable ABM strategy that delivers real results." - Sean Zinsmeister, Senior Director of Product Marketing, Infer "The book may be titled '...for dummies', but ABM is proving to be a smart approach for B2B marketers charged with generating sales pipeline and acquiring and delighting customers. Use this book to help you get started and advance your account-based marketing strategies and tactics that will thrill your sales colleagues, executive team and customers alike." Scott Vaughan, CMO, Integrate

Executives in marketing and sales as well as entrepreneurs and managing directors, especially in medium-sized companies, will receive answers to the most important questions and additionally concrete recommendations for action for the implementation in their own companies.

**Advertising, Promotion, and other aspects of Integrated Marketing Communications** - J. Craig Andrews 2017-06-08

Readers explore all aspects of marketing communications, from time-honored methods to the newest developments in the field with the market-leading ADVERTISING, PROMOTION, AND OTHER ASPECTS OF INTEGRATED MARKETING COMMUNICATIONS, 10E. Comprehensive treatment of the fundamentals focuses on advertising and promotion, including planning, branding, consumer behavior, media buying, public relations, packaging, POP communications, and personal selling. Emerging topics get special attention as readers study today's popularity of apps, social media outlets, online and digital practices, and viral communications, as well as their impact on traditional marketing. Revisions to this most current IMC book on the market address must-know changes to environmental, regulatory, and ethical issues; marcom insights; place-based applications; privacy; global marketing; and, of course, memorable advertising campaigns. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Electronic Commerce 2018 - Efraim Turban 2017-10-12

This new Edition of Electronic Commerce is a complete update of the leading graduate level/advanced undergraduate level textbook on the subject. Electronic commerce (EC) describes the manner in which transactions take place over electronic networks, mostly the Internet. It is the process of electronically buying and selling goods, services, and information. Certain EC applications, such as buying and selling stocks and airline tickets online, are reaching maturity, some even exceeding non-Internet trades. However, EC is not just about buying and selling; it also is about electronically communicating, collaborating, and discovering information. It is about e-learning, e-government, social networks, and much more. EC is having an impact on a significant portion of the world, affecting businesses, professions, trade, and of course, people. The most important developments in EC since 2014 are the continuous phenomenal growth of social networks, especially Facebook, LinkedIn and Instagram, and the trend toward conducting EC with mobile devices. Other major developments are the expansion of EC globally, especially in China where you can find the world's largest EC company. Much attention is lately being given to smart commerce and the use of AI-based analytics and big data to enhance the field. Finally, some emerging EC business models are changing industries (e.g., the shared economy models of Uber and Airbnb). The 2018 (9th) edition, brings forth the latest trends in e-commerce, including smart commerce, social commerce, social collaboration, shared economy, innovations, and mobility.

**A / B Testing** - Dan Siroker 2015-07-27

How Your Business Can Use the Science That Helped Win the White House The average conversion rate—the rate at which visitors convert into customers—across the web is only 2%. That means it's likely that 98% of visitors to your website won't end up converting into customers. What's the solution? A/B testing. A/B testing is the simple idea of showing several different versions of a web page to live traffic, and then measuring the effect each version has on visitors. Using A/B testing, companies can improve the effectiveness of their marketing and user experience and, in doing so, can sometimes double or triple their conversion rates. Testing has been fundamental in driving the success of Google, Amazon, Netflix, and other top tech companies. Even Barack Obama and Mitt Romney had dedicated teams A/B testing their campaign websites during the 2012 Presidential race. In the past, marketing teams were unable to unleash the power of A/B testing because it required costly engineering and IT resources. Today, a new generation of technology that enables marketers to run A/B tests without depending on engineers is emerging and quickly becoming one of the most powerful tools for making data-driven decisions. Authors Dan Siroker and Pete Koomen are cofounders of Optimizely, the leading A/B testing platform used by more than 5,000 organizations across the world. A/B Testing: The Most Powerful Way to Turn Clicks Into Customers offers best practices and lessons learned from more than 300,000 experiments run by Optimizely customers. You'll learn: What to test How to choose the testing solution that's right for your organization How to assemble an A/B testing dream team How to create personalized experiences for every visitor And much more Marketers and web professionals will become obsolete if they don't embrace a data-driven approach to decision making. This book shows you how, no matter your technical expertise.

**Strategies for Business Sustainability in a Collaborative Economy** - Leon, Ramona-Diana 2020-06-19

Against the backdrop of globalization, digitalization, and the new entrance of Generation Z on the labor market, the economic environment has started to become more dynamic, complex, and uncertain. New management, marketing, and accounting tools and strategies are needed to improve a company's sustainability in the current collaborative economy. Strategies for Business Sustainability in a Collaborative Economy is a collection of innovative research that focuses on organizational tools and practices that may foster a company's success in the new economic context, which is defined by the faster pace of technological progress and the entrance of Generation Z on the labor market. Thus, it analyzes how Generation Z transforms human resources policies and practices and how they change the concept of sustainability

through their needs and expectations. Highlighting a wide range of topics including resource management, knowledge-based firms, and business models, this publication examines how business models evolve given the success recorded by newer companies. This book is ideally designed for entrepreneurs, executives, managers, economists, academicians, researchers, and students.

**B2B Marketing Strategy** - Heidi Taylor 2017-12-03

B2B marketing is functioning in an increasingly fast-paced and complex business landscape, with a wealth of new technologies, tools and channels, and where customers are more in control of the buying process than ever before. With the imperative to become 'digital', B2B marketers have become consumed by the marketing activity itself - the tactics - instead of the outcomes marketers want and need to achieve for customers and businesses. B2B Marketing Strategy provides fresh insight into the challenges marketers are facing in such an environment and offers a new framework for developing B2B marketing strategy and plans. Written by an internationally recognised and award winning senior marketing strategist, B2B Marketing Strategy is a thought-provoking and comprehensive exploration of the state of B2B marketing. Expertly examined, this book will challenge the perspective of B2B marketers by confronting and refuting the many fallacies that currently dominate the industry. Filled with real-world case studies and practical, actionable insights, B2B Marketing Strategy takes the reader through three phases of thinking, doing and being different in order to make B2B marketing memorable in the hearts and minds of customers, creating lasting customer engagement.

**Internet Marketing: Integrating Online and Offline Strategies** - Mary Lou Roberts 2012-03-28

INTERNET MARKETING, 3RD EDITION provides comprehensive coverage of the rapidly changing field of Internet marketing that is timely and relevant. It relies on extant marketing theory where appropriate and introduces many conceptual frameworks to structure student understanding of Internet marketing issues. Above all, it works on the premise that the Internet--whether used as a medium of communication or as a channel of distribution--is only one component of the contemporary marketer's arsenal. The key issue facing marketers today is how to best integrate this powerful new component, continuing developments in Internet marketing into their strategies and media plans. That ongoing challenge represents the essential theme of this text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Stand-out Marketing** - Simon Kelly 2020-12-03

"How do we get customers to choose us over our competitors?" In a crowded market it's imperative to demonstrate that you understand what your customers value and can communicate how you can solve their problem better than the competition. Stand-out Marketing presents original research which compares the content produced by organizations in a range of sectors which demonstrates that customers are left swimming in a "sea of sameness" by copycat marketing that makes choice difficult. On the back of this unique and fascinating research, Stand-out Marketing sets out a framework of five competencies for business leaders, marketing and sales professionals to successfully differentiate themselves from competitors. These include seeing the next competitive move, staying in tune with your customers and becoming indispensable to them, activating and evaluating initiatives, as well as building an organizational culture which enables these competencies. Featuring interviews with industry experts, tools and exercises throughout, Stand-out Marketing is an essential resource to help companies stand out, deliver genuine value, and achieve competitive advantage.

[Getting Paid to Blog and Vlog](#) - Richard Barrington 2016-12-15

Young people's voices make the most advantageous bloggers and

vloggers on the internet. But to make blogging into a career, readers must learn everything about content creation and advertising and how to optimize profits without isolating their audience. There are advantages and disadvantages to each way of maintaining a blog and many roles and skills that a professional blog or vlog team must have. Much more than a wall of text, there are insightful profiles of blog stars like Tavi Gevinson and Ken Pomeroy, as well as particularly nuanced topics central to the operations of blogging.

**Balancing the Demand Equation** - Adam Needles 2011-09-01
