*Has God Spoken?* - Hank Hanegraaff 2011-08-29  
Are Christians Guilty of Blind Faith, or Is The Bible Really God's Inspired Word? Can You Ever Know For Sure? Join best-selling author Hank Hanegraaff for a stirring defense of the Bible as the Word of God and your only reliable foundation for life. In answering the riveting question, "Has God spoken?", Hanegraaff uses manuscript evidence, archeology, predictive prophecy, and much more to memorably demonstrate that the Bible is divine rather than

merely human in origin. Hanegraaff demolishes modern objections to Scripture, such as: There are more mistakes in manuscript copies of the Bible than there are words in the New Testament. The biblical account of King David is no more factual than tales of King Arthur—there simply is no evidence in archeology or history for Israel's quintessential king. Contemporary prophets are proven 100 percent wrong, 100 percent of the time, and biblical prophets are just as unreliable. *Has God Spoken?* joins its predecessors—*The Face That Demonstrates the Farce of Evolution and Resurrection*—as Hanegraaff's final book in a trilogy that provides complete and compelling answers to the most critical issues facing Christians today.

**Ninja Innovation** - Gary Shapiro 2013-01-08  
Innovate or die For thirty years, Gary Shapiro has observed the world's most innovative businesses from his front-row seat as leader of the Consumer Electronics Association. Now he reveals the ten secrets of "ninja innovators" like Apple, Amazon, Google, Microsoft, and many others. What does it take to succeed? Discipline. Mission-oriented strategy. Adaptability. Decisiveness. And a will for victory. In short, today's most successful businesses are "ninja innovators." Drawn from Gary Shapiro's three

decades of experience leading the consumer electronics industry, *Ninja Innovation* takes readers behind the scenes of today's top enterprises, uncovering their ten essential strategies for success. As head of the Consumer Electronics Association and its influential annual trade show, the International CES, Shapiro has worked with the most innovative companies in history—Intel, IBM, and Samsung, to name a few—focusing on creating policies and events that produce revolutionary products year after year. He has learned the key strategies that have guided these businesses to record-breaking profits, as well as the traps that have led so many others to crushing failure. In order to stay in front of the pace of innovation, Shapiro observes, top companies must operate as an elite strike force—just like the legendary medieval warriors known as ninjas. Ninjas weren't called upon to do the ordinary; they had to perform truly extraordinary tasks, while risking everything. As a highly trained martial-arts black belt himself, Shapiro mines the valuable insights of these centuries-old warriors to spotlight the secrets of agility, creativity, decisiveness, and reinvention that are essential for twenty-first-century leaders seeking breakthrough success. Taking readers inside the most cutting-edge businesses, *Ninja Innovation* is the ultimate guide to achieving victory in today's innovate-or-die economy.
