The Unwinding of the Miracle - Julie Yip-Williams 2019

"Born blind in Vietnam, Julie Yip-Williams narrowly escaped euthanasia by her grandmother, only to then flee the political upheaval of the late 1970s with her family. Loaded into a rickety boat with three hundred other refugees, Julie made it to Hong Kong

and, ultimately, America, where a surgeon at UCLA gave her partial sight. Against all odds, she became a Harvard-educated lawyer, with a husband, a family, a life. Then, at age thirty-seven, with two little girls at home, Julie was diagnosed with terminal metastatic colon cancer, and a different journey began. The

Unwinding of the Miracle is the story of a vigorous life refracted through the prism of imminent death. Motherhood, marriage, ambition, love, wanderlust, tennis, grief, jealousy, anger, comfort, pain, disease--there is simply nothing this book is not about. Growing out of a blog Julie has kept through the past four years of her life (undertaken because she couldn't find the guidance she needed through her disease), this is the story of a life lived so well, and cut too short. It is inspiring and instructive, delightful and shattering. It is a book of indelible moments, seared deep. With glorious humor, beautiful and bracing honesty, and the cleansing power of well-deployed anger, Julie Yip-Williams has set the stage for her lasting legacy and one final miracle: the story of her life"--

Invisible Hands: The Businessmen's Crusade Against the New Deal - Kim Phillips-Fein 2010-07-12
"A compelling and readable

story of resistance to the new economic order." —Boston Globe In the wake of the profound economic crisis known as the Great Depression, a group of high-powered individuals joined forces to campaign against the New Deal—not just its practical policies but the foundations of its economic philosophy. The titans of the National Association of Manufacturers and the chemicals giant DuPont, together with little-known men like W. C. Mullendore, Leonard Read, and Jasper Crane, championed European thinkers Friedrich von Hayek and Ludwig von Mises and their fears of the "nanny state." Through fervent activism, fundraising, and institution-building, these men sought to educate and organize their peers as a political force to preserve their profit margins and the "American way" of doing business. In the public relations department of General Electric, they would find the perfect spokesman: Ronald Reagan. Some images in the ebook are not displayed

Juneteenth - Ralph Ellison
2021-05-25

The radiant, posthumous second novel by the visionary author of *Invisible Man*, featuring an introduction and a new postscript by Ralph Ellison's literary executor, John F. Callahan, and a preface by National Book Award-winning author Charles Johnson "Ralph Ellison's generosity, humor and nimble language are, of course, on display in *Juneteenth*, but it is his vigorous intellect that rules the novel. . . . A majestic narrative concept."—Toni Morrison In Washington, D.C., in the 1950s, Adam Sunraider, a race-baiting senator from New England, is mortally wounded by an assassin's bullet while making a speech on the Senate floor. To the shock of all who think they know him, Sunraider calls out from his deathbed for Alonzo Hickman, an old black minister, to be brought to his side. The reverend is summoned; the two are left alone. "Tell me what happened while there's still time," demands the dying Sunraider. Out of their conversation, and the inner rhythms of memories

whose weight has been borne in silence for many long years, a story emerges. Senator Sunraider, once known as Bliss, was raised by Reverend Hickman in a black community steeped in religion and music (not unlike Ralph Ellison's own childhood home) and was brought up to be a preaching prodigy in a joyful black Baptist ministry that traveled throughout the South and the Southwest. Together one last time, the two men retrace the course of their shared life in an "anguished attempt," Ellison once put it, "to arrive at the true shape and substance of a sundered past and its meaning." In the end, the two men confront their most painful memories, memories that hold the key to understanding the mysteries of kinship and race that bind them, and to the senator's confronting how deeply estranged he had become from his true identity. In *Juneteenth*, Ralph Ellison evokes the rhythms of jazz and gospel and ordinary speech to tell a powerful tale of a prodigal son

in the twentieth century. At the time of his death in 1994, Ellison was still expanding his novel in other directions, envisioning a grand, perhaps multivolume, story cycle. Always, in his mind, the character Hickman and the story of Sunraider's life from birth to death were the dramatic heart of the narrative. And so, with the aid of Ellison's widow, Fanny, his literary executor, John Callahan, has edited this magnificent novel at the center of Ralph Ellison's forty-year work in progress—its author's abiding testament to the country he so loved and to its many unfinished tasks.

The Joy Luck Club - Amy Tan
2006-09-21

"The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan's beloved, New

York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: *Unintended Memoir* on Netflix. Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined.

Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

The Allegory of the Cave Plato
2021-01-08

The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work Republic (514a-520a) to compare "the effect of education (παιδεία) and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b-509c) and the analogy of the divided line (509d-511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d-534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

Good Kids, Bad City - Kyle Swenson 2019-02-12

From award-winning investigative journalist Kyle Swenson, *Good Kids, Bad City* is the true story of the longest wrongful imprisonment in the United States to end in exoneration, and a critical social and political history of Cleveland, the city that convicted them. In the early 1970s, three African-American men—Wiley Bridgeman, Kwame Ajamu, and Rickey Jackson—were accused and convicted of the brutal robbery and murder of a man outside of a convenience store in Cleveland, Ohio. The prosecution’s case, which resulted in a combined 106 years in prison for the three men, rested on the more-than-questionable testimony of a pre-teen, Ed Vernon. The actual murderer was never found. Almost four decades later, Vernon recanted his testimony, and Wiley, Kwame, and Rickey were released. But while their exoneration may have ended one of American history’s most disgraceful miscarriages of justice, the corruption and decay of the

city responsible for their imprisonment remain on trial. Interweaving the dramatic details of the case with Cleveland’s history—one that, to this day, is fraught with systemic discrimination and racial tension—Swenson reveals how this outrage occurred and why. *Good Kids, Bad City* is a work of astonishing empathy and insight: an immersive exploration of race in America, the struggling Midwest, and how lost lives can be recovered.

The King Must Die - Mary
Renault 2013-09-10

New York Times Bestseller:
This retelling of the Greek
myth of Theseus, king of
Athens, is "one of the truly fine
historical novels of modern
times" (The New York Times).
In myth, Theseus was the
slayer of the child-devouring
Minotaur in Crete. What the
founder-hero might have been
in real life is another question,
brilliantly explored in *The King
Must Die*. Drawing on modern
scholarship and archaeological
findings at Knossos, Mary
Renault's Theseus is an utterly
lifelike figure—a king of
immense charisma, whose
boundless strivings flow from
strength and weakness—but
also one steered by implacable
prophecy. The story follows
Theseus's adventures from

Troizen to Eleusis, where the death in the book's title is to take place, and from Athens to Crete, where he learns to jump bulls and is named king of the victims. Richly imbued with the spirit of its time, this is a page-turner as well as a daring act of imagination. Renault's story of Theseus continues with the sequel *The Bull from the Sea*. This ebook features an illustrated biography of Mary Renault including rare images of the author.

The Black Calhouns - Gail Lumet Buckley 2016-02-02
In *The Black Calhouns*, Gail Lumet Buckley—daughter of actress Lena Horne—delves deep into her family history, detailing the experiences of an extraordinary African-American family from Civil War to Civil Rights. Beginning with her great-great grandfather Moses Calhoun, a house slave who used the rare advantage of his education to become a successful businessman in post-war Atlanta, Buckley follows her family's two branches: one that stayed in the South, and the other that

settled in Brooklyn. Through the lens of her relatives' momentous lives, Buckley examines major events throughout American history. From Atlanta during Reconstruction and the rise of Jim Crow, to New York City during the Harlem Renaissance, and then from World War II to the Civil Rights Movement, this ambitious, brilliant family witnessed and participated in the most crucial events of the 19th and 20th centuries. Combining personal and national history, *The Black Calhouns* is a unique and vibrant portrait of six generations during dynamic times of struggle and triumph.

Invisible Men - Donn Rogosin
2007-03-01

The Negro baseball leagues were a thriving sporting and cultural institution for African Americans from their founding in 1920 until Jackie Robinson broke the color barrier in 1947. Rogosin's narrative pulls the veil off these "invisible men" and gives us a glorious chapter in American history.

Trading Twelves - Ralph Ellison 2010-04-28

This absorbing collection of letters spans a decade in the lifelong friendship of two remarkable writers who engaged the subjects of literature, race, and identity with deep clarity and passion. The correspondence begins in 1950 when Ellison is living in New York City, hard at work on his enduring masterpiece, *Invisible Man*, and Murray is a professor at Tuskegee Institute in Alabama. Mirroring a jam session in which two jazz musicians "trade twelves"—each improvising twelve bars of music around the same musical idea—their lively dialog centers upon their respective writing, the jazz they both love so well, on travel, family, the work literary contemporaries (including Richard Wright, James Baldwin, William Faulkner and Ernest Hemingway) and the challenge of racial inclusiveness that they wish to pose to America through their craft. Infused with warmth, humor, and great erudition,

Trading Twelves offers a glimpse into literary history in the making—and into a powerful and enduring friendship.

Their Eyes Were Watching God - Zora Neale Hurston 2021-11-18

One of the most important and enduring books of the twentieth century, *Their Eyes Were Watching God* brings to life a Southern love story with the wit and pathos found only in the writing of Zora Neale Hurston. Out of print for almost thirty years—due largely to initial audiences' rejection of its strong black female protagonist—Hurston's classic has since its 1978 reissue become perhaps the most widely read and highly

acclaimed novel in the canon of African-American literature.

Underground - Will Hunt

2019-01-29

“[A] winningly obsessive history of our relationship with underground places” (The Guardian), from sacred caves and derelict subway stations to nuclear bunkers and ancient underground cities—an exploration of the history, science, architecture, and mythology of the worlds beneath our feet NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Will Hunt was sixteen years old, he discovered an abandoned tunnel that ran beneath his house in Providence, Rhode Island. His first tunnel trips inspired a lifelong fascination with exploring underground worlds, from the derelict subway stations and sewers of New York City to sacred caves, catacombs, tombs, bunkers, and ancient underground cities in more than twenty countries around the world.

Underground is both a personal exploration of Hunt’s obsession and a panoramic

study of how we are all connected to the underground, how caves and other dark hollows have frightened and enchanted us through the ages. In a narrative spanning continents and epochs, Hunt follows a cast of subterraneaphiles who have dedicated themselves to investigating underground worlds. He tracks the origins of life with a team of NASA microbiologists a mile beneath the Black Hills, camps out for three days with urban explorers in the catacombs and sewers of Paris, descends with an Aboriginal family into a 35,000-year-old mine in the Australian outback, and glimpses a sacred sculpture molded by Paleolithic artists in the depths of a cave in the Pyrenees. Each adventure is woven with findings in mythology and anthropology, natural history and neuroscience, literature and philosophy. In elegant and graceful prose, Hunt cures us of our “surface chauvinism,” opening our eyes to the planet’s hidden dimension. He

reveals how the subterranean landscape gave shape to our most basic beliefs and guided how we think about ourselves as humans. At bottom, *Underground* is a meditation on the allure of darkness, the power of mystery, and our eternal desire to connect with what we cannot see. Praise for *Underground* "A mesmerizingly fascinating tale . . . I could not stop reading this beautifully written book."—Michael Finkel, author of *The Stranger in the Woods* "Few books have blown my mind so totally, and so often. In Will Hunt's nimble hands, excursion becomes inversion, and the darkness turns luminous. There are echoes of Sebald, Calvino, and Herzog in his elegant and enigmatic voice, but also real warmth and humor. . . . An intrepid—but far from fearless—journey, both theoretically and terrestrially."—Robert Moor, New York Times bestselling author of *On Trails*

Infinite Jest - David Foster Wallace 2009-04-13

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*
